### WITHDRAWAL LETTER

Dear President Moeri, Honorable Board Trustees and Village Staff:

Nature Energy appreciates the time and consideration the Village has committed to reviewing Nature Energy's Application for Conditional Use Permit and height exceptions (collectively, the "Application"). At this time, Nature Energy has determined that the most appropriate course of action is to fully withdraw the Application from consideration by the Village Board while it evaluates the best way to respond to the Board's concerns regarding the Application and determines the best path forward for developing its biogas project in Roberts, Wisconsin.

Accordingly, with the Application withdrawn effective as of today's date, we request that the Board remove all Nature Energy-related matters from the Board's Agenda for its October 10, 2022 meeting and any other forthcoming meetings until further notice.

Thank you for your assistance in this matter.

Best regards,

Alexis Donnelly Glick  
CEO North America
